9 Heads: A Guide to Drawing Fashion 4/E

Riegelman, Nancy(Health Science Careers)

Effective fashion drawings must be clear, accurate, realistic, and attractive.*9 Heads: A Guide to Drawing Fashion*, 4/e, provides a simple and effective system for learning to create drawings with these qualities. The text teaches how to acquire the techniques, skills, and knowledge needed to make realistic fashion figures to serve as firm foundations for fashion design sketches. Riegelman also covers the fashion topics, terminology, and current trends that design students need to be familiar with, and provides over a thousand new examples of contemporary drawings to inspire students in their work.

Forensic Fire Scene Reconstruction with Resource Central Fire -Access Card Package 3/E

Icove, Ph.D., PE, David J.(University of Tennessee);De Haan, John D.;Haynes, Gerald A(Health Science Careers)

Forensic Fire Scene Reconstruction, Third Edition, describes and illustrates a new systematic approach for reconstructing fire scenes, applying the principles of fire protection engineering along with those of forensic science and behavioral science. Modern fire investigation topics are covered, including comprehensive documentation, hypothesis testing, and defensible reconstruction of the events leading up to the fire and its final results. Delving deep into forensic fire engineering, Forensic Fire Scene Reconstruction covers engineering calculations, fire modeling and also features several exhaustive case studies which leverage the current technology that is explained in depth throughout the text. Several specialized topic areas are also covered, including use of the drone aircraft, forensic and panoramic photography, computer modeling as well as an advanced discussion of tenability. Using historical fire cases and realistic case examples, the authors examine the newest lessons learned and insight into the ignition, growth, development, and outcome of those fires. All documentation in the case examples follows or exceeds the methodology set forth by the NFPA in NFPA 921--Guide for Fire and Explosion Investigations and its companion standard NFPA 1033--Standard for Professional Qualifications for Fire Investigator, 2009 Edition, and Kirk's Fire Investigation ,Seventh Edition. **0132956209 / 9780132956208 Forensic Fire Scene Reconstruction with Resource Central Fire -Access Card Package Package consists of 0132605775 / 9780132605779 Forensic Fire Scene Reconstruction 0132816024 / 9780132816021 Resource Central Fire Student Access Code Card**
