Creative Publishing international publishes photographic step-by-step how-to books, including titles on home improvement, home decorating, sewing, crafting, hunting and fishing. Our list of over 300 titles includes best-selling series of books with nationally recognized brand partners Black & Decker®, John Deere®, Orvis, and SINGER®.

Fair Winds Press offers nonfiction books in a range of practical categories, including nutrition, fitness, parenting, beauty, treating sickness, mental health, and using new medicine. In addition, a range of history titles is the first new step in this expanding program.

Motorbooks is one of the world's leading transportation publishers, covering subjects from classic motorcycles to heavy equipment to today's latest automotive technology. We satisfy our customers' high expectations by hiring top writers and photographers and presenting their work in handsomely designed books that work hard in the shop and look good on the coffee table.

MVP Books publishes a variety of titles in the fields of sports, health and fitness, and the outdoors, including lavishly illustrated coffee-table books, narrative histories and biographies, and practical how-to and training manuals.

Quarry Books provides high-end, beautifully designed, visual inspiration and reference books on art, crafts, food, pet care, and lifestyle topics for aspiring artists, artisan hobbyists, food enthusiasts, DIYers, and makers.

Quiver is a boutique imprint that offers books and card decks for couples wanting to take their sex lives to the next level. Quiver's books celebrate erotic pleasure and intimacy through beautiful, sophisticated photography and inspiring text.

Rockport Publishers creates beautifully illustrated source books for professional designers and artisans of all types. Rockport's books present the best in design work from around the world and bring readers inside the world's most talented design and art studios to see how the work gets done and the inspiration that lies behind each finished piece.

Voyageur Press is best known for our regional books, whether they're regional looks at travel and natural history or music, gardening, astronomy, weather, culture, country living, and more. This regional focus makes our books unique and different, setting them apart from other titles on similar subjects. And we are the leading publisher on railroads and farm tractors.

Walter Foster Publishing is dedicated to preserving the high standards and superb quality customers expect. We believe artists are eager to learn, to sharpen their skills, and to experience new artistic horizons. Our mission is to provide the tools to accomplish those goals. We offer step-by-step books and kits for kids and adults that are accessible, entertaining, affordable, and informative.

Zenith Press is the history, current affairs, science, and aviation imprint of the Quayside Publishing Group and publishes both hardcover and paperback narrative and illustrated books. Zenith's primary area of interest is American military history, current events, and science and space.

Quayside Distribution Services, a division of Quayside Publishing Group is the world's largest distributor of enthusiast subject titles, offering the most comprehensive assortment of books, calendars and videos of interest to the enthusiast. We are focused on providing our clients with a one-stop, full-service, sales, distribution and credit & collections solution in the North American market.

Happy and colorful patchwork projects for the modern sewer.

- A modern and fun approach for quilters.
- Patchwork offers small quilting projects that take less time than large, full-size quilts.
- Patchwork art is a traditional craft that has seen a revival in popularity with young sewers.

Born in Tokyo, Suzuko Koseki graduated from Bunka Fashion College. In 1978, she began studying with master quilter Chuck Nohara. In 1990, she won an award at the International Gardening and Greenery Exhibition in Osaka and her work has appeared in many other exhibitions since. She is the author of *Patchwork Style: 35 Simple Projects for a Cozy and Colorful Life*.

In **Playful Patchwork**, author Suzuko Koseki takes readers through a variety of different uses for fun, creative patchwork. The book shows step-by-step instruction and photos for piecework, appliqué, and quilting to inspire a diverse range of projects. Koseki provides hundreds of interesting combinations of colors, shapes, and patterns and how to use them to make beautiful purses and bags, quilts and pillows, hats and book covers, and much more. With **Playful Patchwork** the possibilities are endless.

All you need to create a personal, handcrafted wedding.

- Features step-by-step instruction for hand-made wedding details.
- Projects include candles, florals, invitations, and paper accessories.
- Beautiful, original ideas to make any wedding into a special and personal event.

Laura Maffeo has worked as a stylist for *Martha Stewart Weddings*, *Home*, *Seventeen*, *Family Circle Homecrafts*, and *Everyday with Rachel Ray*. She is the author of *Girls' Night in: Fabulous Ideas for Evenings with Friends*.

Colleen Mullaney was formerly editor-in-chief of *Jo-Ann* magazine, *Family Circle Homecrafts*, and *FTD in Bloom*. She is the author of *Faux Fabulous Florals*, *Punch: Celebrations in a Bowl*, and *It's 5 O'Clock Somewhere: The Global Guide to Fabulous Cocktails*.

One-of-a-Kind Handmade Weddings is filled with ideas to inspire today's bride-to-be. The book is filled with extra-special touches that will quickly and easily personalize any event—whether it's in a ballroom or at the beach. Centerpieces in bloom, candlelit walkways, perfect accessories for flower girls and grooms, a memory scrapbook, table lanterns, a fishbowl of wishes, and save-the-dates—these are just a few of the many decorative details. There are a wide range of projects and additional design ideas for the planning, ceremony, and celebration. Readers can choose from among the easy step-by-step projects—or look for inspiration in the photo gallery of design ideas to create their own signature style.

Includes full-size, fold-out patterns and templates for each of the 20 projects.

→ All the projects are created with simple straight and zigzag stitches—so are suited to any sewing skill level.

→ Fleece fabric is inexpensive and widely available in an array of colors, patterns, and textures.

→ Author Linda Carr is the designer of some of the best-selling patterns in the Vogue Craft line—including patterns for the Vogue Bear Collection, Jim Henson's Muppets, and Cabbage Patch Kids.

Linda Carr designs toys, dolls, and kids' and doll clothing for Vogue patterns. She has worked with Vogue to create many licensed patterns, including Jim Henson's Muppets and Cabbage Patch Kids. She is also the author of *Classic Cloth Dolls: Beautiful Fabric Dolls and Clothes from the Vogue Patterns Collection*.

Fleece is soft, warm, easy to work with, and simple to sew—requiring no lining or edge-finishing. Even brand-new sewers can make the perfect gift in a weekend, or less! New in paperback, this book provides easy step-by-step instruction to make a range of cuddly fleece creatures to keep or give away—in a variety of colors, textures, and patterns. Each of the 20 animals is featured in a full-size photograph, along with a variation in one or more colors or sizes. There are easy-to-follow line drawings and step-by-step text instruction for construction and assembly of each one. Linda adds her own creative touches to each of the simple shapes—decorative trims, bright appliques, and quick, secure closures. Full-size tissue patterns and templates are included for each of the projects. Fleece fabric is easy to find, and the selection of colors, patterns, and textures is increasing in stores like Jo-Ann and Hancock Fabrics.

Now any homeowner can participate in the solar energy movement.

- ➔ Very popular subject matter.
- ➔ Only book to take a pure DIY approach to solar.
- ➔ Can save thousands of dollars on installation costs (along with energy savings and tax credits).

Based in Minneapolis, MN, the editors of Creative Publishing international have produced dozens of America's best-selling do-it-yourself books on landscaping, home repair, and home improvement.

Advances in solar technology have made many DIY-friendly products available to consumers, several of which will be hitting the market for the first time in 2011. These include solar water heaters, solar battery charging stations, solar powered lights, photovoltaic shingles that provide supplementary electricity, solar heat pumps, and solar panel kits that generate primary home electrical service. Among the step-by-step projects is a solar water heating system you can build and install yourself for under \$1000; simple thermosyphon solar heat collectors for barns and outbuildings; or "heat grabbers" that you can fabricate for \$50 in materials and position below a south-facing window to provide auxiliary winter heat.

Covers all aspects of cycling for the beginner using high-quality color photos. Emphasizes practical information.

- ➔ Easy to understand visual information
- ➔ Targeted for beginners with little or no background/expertise.
- ➔ Save money doing simple repairs and maintenance yourself.

Karen Ruth is a massage therapist, writer, and cyclist in Minneapolis. She has cycle toured (self-supported) across the US, in Canada, France, and Ireland. She rides a Terry Symmetry for fun and a Motobecane mixte (free from the trash) for commuting and errand running.

Interest in bicycling is growing rapidly, with worldwide industry sales up 10 to 25% per year over the past decade. There are currently 450 million bicycles owned in the US, with over 60 million adult riders. Interest in commuting (gas prices), health and fitness (boomers retiring), and environmental concerns (zero emissions) are converging to make bicycling a subject area of continued high growth. This book is designed as an introduction to bicycling, and features current information along with professional quality step-by-step and identification photos.

Clear, practical advice.

- A practical, fun guidebook full of highly useful how-to information covering everything from changing wiper blades to tasting cheese.
- Fun to read.
- Offers great payback on investment.

Chris Peterson is a professional writer and editor based in the pretty little town of Ashland, Oregon. An expert in home design, repair and renovation and an avid cook, he's the author of *When Duct Tape Just Isn't Enough: Quick Fixes for Everyday Disasters*, *A Man's Whirled: Every Guy's Guide to Cooking with the Blender*, and several other books.

Using a light but practical tone, the book covers everything a man needs to know in today's world. Includes tips on home repair, car repair, electronics, cleaning, personal grooming, fine dining, traveling, etiquette, outdoor skills and the fine art of conversation.
