NAME: LUCIFER (NICKNAME LUCY)

AGE: SIX YEARS, SIX MONTHS, SIX DAYS (AT TIME OF THIS REPORT)

HAIR: BLACK

EYE COLOR: BLUE/RED

MOTHER: UNKNOWN (BELIEVED DECEASED)

FATHER: THE DEVIL

SPECIES OF MAGICAL YOUTH: ANTICHRIST

Utmost care must be taken with this specific child, given his lineage. Currently, the limits of his power are unknown. Sources in Marsyas village have indicated that at one point, the ocean surrounding the island where the orphanage is located dried up, killing all marine life in a one mile radius. It lasted only for moments before the sea returned, but we have reason to believe the Antichrist child was involved given that no other ward in the orphanage has power to this extent.

The Antichrist is only six years old, but we suspect it's just the body, not the soul, that is this age. The child is a vessel for the scion of the Devil. While we have not received any notice of a pending apocalypse, a DICOMY caseworker must act diligently and discover if the end of the world is imminent. If so, we require immediate notification to discuss our next steps.

Injury to a DICOMY caseworker is a possibility. If you require medical treatment after meeting with the Antichrist, please keep track of your out of pocket expenses, and we shall review them for reimbursement consideration. Do try and keep the costs as low as possible.
